#### 1. PURPOSE:

- **1.1** To establish clear guidelines for proper handling of the expiration of pharmaceuticals, to ensure that patient safety is secured.
- **1.2** To identify the role of each entity/unit in the process of returning and replacing the nearly expired items.
- **1.3** To identify the responsible party on waste disposal of pharmaceuticals.

#### 2. **DEFINITION:**

N/A

#### 3. POLICY:

- **3.1** The manufacturers for all medical and pharmaceutical items assign the expiration dates. If the expiration date of a product is expressed only in month and year, it will be taken to mean that the product is to be used by the last day of the given month.
- **3.2** Pharmaceuticals delivered should carry not less than 2/3 of their shelf-life.
- **3.3** The supplier/vendor may communicate to declare the expiry date of the concerned pharmaceutical prior to delivery. If the supplier delivers stock with less than 2/3 of the shelf life, will ask for a guarantee letter of return from the supplier.

#### **Mayyara General Medical Complex**

- **3.4** Head of pharmacy is responsible for returning expired, nearly expired, or damaged medical and pharmaceutical items to the Vendor using appropriate **return form.**
- **3.5** A list for returned expired, nearly expired, or damaged items shall be maintained in the Clinic Information System.
- **3.6** Head nurse is responsible for Inventory accuracy matching the system data with quantity on hand and related expiry dates.
- 3.7 No expired medication shall be present in the patient care areas of the clinic.
- **3.8** All expired and/or nearly expired medications are labeled with yellow labels and stored separately from other medications.

#### 4. PROCEDURE:

- **4.1** Every product dispensed will carry an expiration date.
- **4.2** Monthly inventory will be done for checking shelf life validity.
- **4.3** Medications that will expire in the next 30 days shall be placed on the designated shelf for nearly expired medications.
- **4.4** Medications that are going to expire within three months shall be appropriately marked in all patient care areas.
- **4.5** Expired/damaged items will be labeled and stored separate from the usable stock.
- **4.6** Head of pharmacy is responsible for communication with the vendor for replacing/returning the nearly expired pharmaceuticals if the vendor is a local agent as per company policy & agreements.
- **4.7** Purchasing is responsible to update the data on the logbook for any return or exchange items.
